CITYLINE **RISE**

CITYLINE is a carpet tile collection inspired by the dynamism and structure of modern metropolises. With its four design variants – Rise, Edge, Grid, and Core – it reflects the architecture, perspectives, and rhythmic interplay of lines and shapes found in the city.

As a 50×50 cm tufted carpet tile, CITYLINE combines aesthetics with functionality. Whether in modern offices, public spaces, or hotels, CITYLINE brings the energy of the city indoors, creating spaces with character, depth, and an urban atmosphere.

Rise features vertical structures that add movement and dynamism to any interior.
